Your Honor, thank you for moving this conference date to today from August.

Unfortunately, I am out of town and did not expect to be away so long. My firm does not have another lawyer to cover for me and I will not be able to locate a substitute on such short notice. Plaintiffs are willing to have the Court enter a scheduling order based on the 26f report (with the caveat that Plaintiffs are asking the Court to order defendants to an early settlement conference) if that is acceptable to the Court.

Thank you for your consideration.

Plaintiffs do intend to end the complaint, and we are fine having the Court set a deadline for that.
